FEBRUARY ACCOUNTABILITY SESSION

At our first accountability session of 2024, questions from Members covered a range of topics including reports from HMICFRS, resourcing, local policing numbers, publication of the Kenova Report, road deaths and knife crime.

As a Board we welcome the restoration of the NI Assembly. The priority will be resourcing of policing, but there are also areas of legislative change needed, implementation of report recommendations made & opportunities for improvement going forward progressed.

You can keep up to date with all the issues at the February meeting here:
