

**Call 2
Funded Projects**

1. Introduction

On 17 February 2022, applications opened for the second Call of the Police Property Fund Small Grants Scheme. The Fund is made up of assets recovered by the Police Service of Northern Ireland (PSNI) as a result of criminal investigations, and the Board agreed that grants would be awarded to charitable aligned projects that demonstrated engagement with the PSNI, contributed to community safety/ and or building confidence in policing.

The Scheme was designed by the Board to support project ideas that will improve safety in local areas, and support partnership building and relationships with policing and within the community.

Following assessment against the eligibility criteria, a number of projects were offered and accepted awards in line with the Board's procedures for Grant Awards. Just over £120,000 has been funded from the second funding call to 15 projects across Northern Ireland. Details of the awards and projects are contained in Section 2.
